

HEALTHCARE RESURGENCE GRANT FACT SHEET – COLLEGE STUDENTS

What is the Healthcare Resurgence Grant?

WORKFORCE plus has been awarded a grant by Workforce Florida Inc. to assist current college students in pursuing certifications and/or degrees in a healthcare related field.

Funding for the Healthcare Resurgence grant is provided through the American Recovery & Reinvestment Act signed by President Obama in February 2009. The Act has a number of strategic elements that are designed to help stimulate the economy and create or sustain jobs.

Did you know?

Many of the occupations projected to grow the fastest in the economy are concentrated in the healthcare industry. Nationally wage and salary employment in the health care industry is projected to increase 27% through 2014, compared to 14% of all industries combined. There is currently and will be in the future a shortage of healthcare professionals, so the career opportunities are extensive.
